BY CUTICURA REMEDIES**

"When my little boy was six months old he had eczema. The doctor told me to wash him with Cuticura Soap and rub Cuticura Ointment on his skin. In two weeks the eczema was gone and his skin was clear." — Mrs. J. H. Smith.

once they told me that when one called in the doctor, we then went to another doctor, but he would not help him and in our despair we went to a third one. Doctors became so bad that we had to put holes in his checks, large enough to put a finger into. The food

had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over

and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down; otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife

with the end to Europe, hoping that the sea air might cure him, but, otherwise he had to put under good medical care here. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was

white as ever before." E. Hohrath, President of the C. L. Hohrath Company, Manufacturers of SHK Ribbons, 4 to 20 Rink Alley, June 5, 1905. South Bethlehem, Pa.
